

# PSY212 : Human Sexuality

This course explores the physiological, psychological, and sociological aspects of human sexuality. Sexuality is considered a vital part of the total human organism. Issues of psycho-sexual development, sexual physiology, sexual attitudes, gender identity, love and sex, sex and the law, sexual lifestyles, and sexual dysfunction, among others, are discussed in an open, frank manner. Audio/visual material, internet websites, and discussion forums augment the textbook and lecture content.
