

# Media Studies Concentration

## Degree Type

Associate in Arts

The Media Studies concentration is for students interested in pursuing television production and direction, film studies, or radio broadcasting. The concentration provides fundamental courses in video and radio production and direction, and film studies. This skills-oriented degree is designed to provide students with proficiency in operating various broadcast technologies in professional settings.

Students who are matriculated and place into developmental math and/or English are required to begin the course sequence in the first semester. Please see an [advisor](#) with questions.

### Career Outlook

This program introduces the student to career-oriented fields such as radio broadcasting, radio production, and broadcast journalism. Job growth in the industry is based on strong demand from the public for media. Employment is constantly changing based on new technologies and includes film/video/television editors, camera operators, directors and producers, film critics and script writers, as well as teachers, set designers, production assistants, and props or location managers. Students may complete their degree and transfer to a four-year institution or they may immediately enter the field.
