

BIO105 : Survey: Human Anatomy & Physiology

This is an introductory course of human anatomy and physiology. The course starts with anatomical terms and basic cellular biology and then emphasizes the structure and function of several organ systems. The laboratory portion of the course involves the examination of slides, bones, models, and the dissection of a rat. **(This course does not meet the Nursing and Dental Hygiene program requirements for Anatomy and Physiology.)** (3 class hours/2 laboratory hours)
