

# COM113 : Radio Broadcasting

This course is designed to instruct the student in the operation of a radio station. On-air and off-air broadcasting techniques are discussed. Broadcast management, legal requirements, announcing, and copywriting are considered as they relate to specific assignments and duties at a radio station. Decisions involving programming formats are considered. Students apply knowledge to individual and collective work projects. Students in this course are expected to be proficient in computer file management skills. (60 contact hours per semester)
